WATER PUMPS

Performance : Up to 200 m³/h flow rate
Application : Water supply
Agriculture & Gardening
Fire fighting
Domestic
Boiler & Cooling tower feed
& recirculation pumps

Water pump
SEOCA

**GOULDS
PUMPS**

LOWARA

ESPA
Innovative Solutions

WILO

**EAT
PUMPS**
The Pumps with Nine Lives

SUBMERSIBLE PUMPS

Performance : up to 300 liters/sec flow rate
Up to 190 m head
Applications : Construction industry
Mining industry
Civil engineering industry
Water containing abrasive particles
Wastewater Treatment
Marine application
Fountain/ Landscaping

Water pump
SEOCA

CNP
® NANFANG PUMPS

PROGRESSIVE CAVITY PUMPS

Performance : Flow rate up to 0.5 m³/h – 500 m³/h
Head up to 31.0 bar
Application : Chemical, Food
Pharmaceutical Petroleum
Pulp and paper, Water and wastewater treatment

**ROBBINS
MYERS**
Energy Services Group

AIR-OPERATED DIAPHRAGM PUMPS

Performance : Flow-rate upto 1040 l/min
Head upto 17.0 bar

Applications : Paint, Mining, Chemical,
Pulp & paper,
Waste Treatment,
Plating & Finishing,
Oil & Gas, Ceramics,
Semiconductor, Marine,
Food industry, Pharmaceutical industry,
Construction/Piling

CHEMICAL DOSING PUMPS

Performance : Flow-rate up to 22000 l/h
Pressure up to 570 bar

Application : Non-aggressive, aggressive &
hazardous fluids,
High pressure application
Batching operation
Chemical dosing
Chemical inhabitation

GEAR PUMPS

Performance : Flow rate Upto 200 l/min
Head upto 0.33 MPa

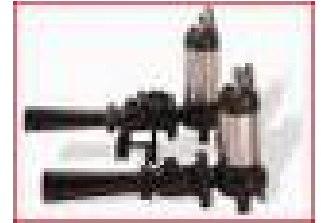

Application : Viscous oil transmission

AIR BLOWERS & DIFFUSERS

Performance : Flow rate upto 150.0 m³/h
Head upto +8000 mmAq
Head upto -6000 mmAq

Application : Wastewater Treatment
Water Treatment
Food packaging
Fish care
Transport of particles

FILTER PRESS

Types : Plate & Frame
Belt press
Vacuum belt press
Semi-automatic & automatic

Capacity : Filter area 4-80 m²
No. of plates 9-62
Plate size 450 mm-1200 mm

Application : Chemical
Food
Pharmaceutical
Pulp and paper
Water and wastewater treatment
Petroleum
